

## WORKSHEET F: My Communications Plan

Your communications plan is a bird's-eye view of your overall communications efforts and the decisions that you've made along the way. Use this worksheet to give your coalition members and others an overall snapshot of how your communications campaign will support your prevention strategy or strategies.

Once you've completed Worksheets A through E, each of which corresponds to a section in this toolkit, compile all the decisions that you've made into this worksheet, your communications plan.
